

## PROMOTION / COLLABORATION FOR AYURVEDA HOLIDAYS IN COSTA RICA

Dear friends of Ayurveda,

It is an honor for us to present our program for the **year 2022** as a pearl of healing power from the Orient as a holiday destination in the form of a retreat / time out. We would like to inspire you with a high-quality and exquisite selection program of the deep healing art of **Ayurveda** to work together as a partner of our organization from Switzerland and Costa Rica. Vivamos-Reisen is the organization for our upcoming retreat programs and events :

Partner team for the Ayurveda offer from Holland: [www.deepayurveda.nl](http://www.deepayurveda.nl)

We are happy to offer your company / organization the opportunity to arrange our trip and receive a commission for each registered customer. We charge **CHF 250** for this in the basic budget, in favor of your organization for a successful placement. Per registered customer from external networks. From the events that have already taken place around the world in recent years, we are convinced that we will soon see this retreat holiday as one of the most popular holiday and healing programs in Europe and other countries. **Costa Rica** offers a wonderful ambience in wonderful nature and beloved bungalows with swimming pool, 200 meters away from a natural beach by the sea / **birthplace for dolphins and whales**. We complement our retreat program with visits to the whales / healing journeys + nature walks in silence. Our offer is supplemented by sound therapies / aroma therapy and music. Empowered as well with a divine cacao ceremony. Costa Rica is a land of the sacred cacao blossom, medicinally. We look forward to mutual consultation with your organization for the offer in January and March

**As an important message:** Costa Rica is very careful to keep its doors open for tourists from all over the world over the winter. It is high season here and, like Mexico, the authorities have so far kept the doors wide open. It was the same throughout the last year. The guidelines are currently being made easier and a **paso de salud** (health passport) must be completed with a PCR test. All information can be found in the tender / info PDF. We are very happy to welcome you as a partner and to convey our offer through your mailing list

We look forward to hearing from you. Our team is always available to answer your questions. With kind regards

Alain Olivier Hubler / Inge van den Burg
